DEMOGRATIC REPUBLICAN GENERAL COMMITTER,
Tammany Hall, New York, April 8, 1899.
At a regular meeting of the Democratic Republican General Committee, held at Tammany Hall, on Thursday evening, April 7, the following resolutions, offered by Mr. Wu. D. Komnedy, of the Minth ward, were unantmously adopted:—
Whereas, the city of New York, from its earliest foundation down to within a very recent period, and under all former goveraments, colonial and otherwise, has been guaranteed in the secure enjoyment of its municipal rights and libertus by charters based upon civic suffrage and held sacred under all successive forms of geverament; and whereas, we see in the present day a high handed and persistent attempt on the part of an authority not representing either the wishes or interests of this city, to undermine our civic rights, curtail or abolish our municipal privileges, and finally deprive us of all practical voice in the control and direction of our own immediate affairs; and the control and direction of our own immediate affairs; and the control and direction of our own immediate affairs; and the control and direction of our own immediate affairs; and the control and direction of our own immediate affairs; and the control and direction of our own immediate affairs; and the control and effects of the complexity is not own to the control of a complexity in the own of the control of all city affairs of the direction of corpolicase; and whereas, these avowed ensemies to the experiment of self government are now boildy mediating a wholesale nauppaten of civic patronage, power and prerogative, by entraution the control of all city affairs to the direction of corpoof self government are now boildy meditating a wholesale of sive patronsse, power and preregative, by entrustins the control of all city affairs to the direction of corporate commissioners, and frresponsible boards in which no individual can be held to account for maliesance or mal-administration of high public trust; and whereas, already the Police department of our city Executive has been unjustly and tyransically wrested from the people of this city and entrusted to a "regulation" Commission, with the disreputable and dispraceful result which is now on record in the report of a committee appointed to examine and take evidence as to the legal, moral and political infamines alleged and proved against this tresponsible and partisan body claiming to have the guardinably and control of our lives and proporties; and whereas, these enemies of representative self government have already flutoduced among us, and are now seeking to the control of the control

braced in the discount of the Municipal Police force adopted fellow citizens.

Resalved, That we congratulate the Municipal Police force of this city on the judicial decision which has restored them to their rights, and declared that those rights were never legal-

to their rights, and declared that those rights were never nightly fortested. That this committee shall cause not less than 100, 700 coules of Senator Frank Spinois's record on the working of the said Police Commission, to be printed and distributed throughout the city and State, as the best comment on the infamilies to which parties niegislation can give birth. Resolved, That we demounce the attempt to abolish one of the most important departments of the city government—a department on which, more than on any other, the health and confort of our citizens may be said to depend—merely be anise there is a prospect that said office would otherwise be filled by a democrat, who would discharge its duties fauthfully, honesily and with vigor.

a democrat, who would discharge its duties faithfully, honestly and with vigor.

Resolved, That we denounce the action of the "republican" party in wresting from us all of our rights, by the enastment of laws creating Boards of Gorernors, Boards of Supervisors, Central Park Commissioners, Barbor Commissioners and Commissioners of Records, where the power is, in whole or in part wielded by men, many of them total strangers to the city, and some of them living out of the State.

Resolved, That if these outrages upon our municipal rights be continued, and redress refused, though with rejuctance, to fall back upon their natural rights and appeal to the sense of junctice throughout the country to sustain them in resorting to the only means left for the vindication of their tranchises, their liberty and property.

lice throughout an extension of their tranchises, their inlevity and property.

Resolved, That we congratulate the citizens of Brooklyn on their recent victory over the local representatives of this tyran-lead and repactous power, and that we see in lateit success a destined, before the expiration of the present year, to sweep from all places of control and trust the centralizing suspers whose acts are a disgrace to the intelligence and integrity of the Biate which they misrepresent in Legislative Amenicity.

Resolved. That the Committee on Organization be, and are hereby clothed with power to make arrangements for the call of a great mass meeting of citizens, irrespective of party, to protest against these infringements on our municipal rights, and to denounce the corruptions which have crept into the administration of city and State affairs; and that this committee be requested to unite and co-operate with any other committee.
